Famous Hardin-Simmons Cowboy Band To Be Here Monday In High School

The world famous Hardin-Simmons University Cowboy concert and parade band will return to Hamlin to give a concert at the high school Monday, March 3, at 9 a. m. Marion B. McClure will direct the group. A small admission charge will be made.

The band is making its first tour since the war. The program will include American Plantation Dances by Arnold; Danish Festival Overture by Tchaikowsky; Love Scene from the Opera Bors Goudonov by Moussorgsky, and the Whistling Farmer Boy by Fillmore. A trumpet solo, flute solo and piano solo will also be rendered.

Junior Jersey Club May Prove Aid To Promotion of Dairying In Area

The recently-organized Hamlin Jersey Cattle Club may prove to be a boon in the promotion of the dairy industry in this section. Several of the local vocational agriculture students who are members, have exhibited at local and area stock shows in recent weeks.

The club was organized several weeks ago for the purpose of promoting more interest among Future Farmers of America in the breeding, developing and showing of better Jersey cattle; to interest adult farmers in improved herds; to form a permanent organization for Hamlin FFA members who have registered Jerseys.

Members must belong to the FFA and can retain their membership by remaining a resident of this locality and taking a part in annual affairs.

Charter members of the group were Lawayne Long, president; Kenneth Holloway, vice-president; Callens George, secretary-treasurer; Weldon Townsend, reporter and Clifton Townsend, Joe Armstrong and T. C. Blank insip, advisor-member.

Some specific aims in general are breeding of better Jerseys each year, helping club boys and the public to recognize best modern Jerseys, to show better Jerseys at local, district, state and national shows and to interest farmers and ranchmen in owning better milk cows.

To show they mean business, the club members recently purchased their first herd sire, Draconis Ivy Sultan, at a price that ran well into three figures.

Leading Farm Commodities Show Gain This Week

Leading farm commodities registered sharp gains last week according to Production and Marketing Administration, U. S. Department of Agriculture, in a report to The Herald. Cotton, grain and hogs highlighted the advance, but most other products sold at steady to higher prices.

Wheat led the upward trend in cash grains with a dime advance per bushel. Corn was a penny or two and sorghums held steady with late increases of the previous period. Oats closed at a net advance despite late-period weakness. Feed markets seemed little influenced by the upward trend in grain. Most prices held relatively steady, but grain feed dropped \$4 per ton. Hay marketings slackened at sharply unchanged prices.

All classes of hogs went up sharply during the week, averaging a dollar or more higher at some markets. Butcher hogs topped at \$24.40 at San Antonio and \$26 at Fort Worth. Friday's bulk of Good and Choice grades went at \$26.50 to \$27 in Oklahoma City; \$26.75 to \$27 at Wichita; and \$27 to \$27.50 at Denver.

Calves and yearlings weakened at Texas markets, but mostly steady to higher prices were paid for other cattle at southwest terminals. Houston paid \$12 to \$17 for the week's bulk of common and medium steers and yearlings; while Fort Worth moved medium and good kinds at \$16 to \$21.50. Low to average medium grass fat steers at San Antonio brought \$17.25 to \$18.50, and yearlings \$18 to \$19.50. At Denver medium to high good steers ranged from \$17.50 to \$23.35 for the week. On Friday's market at Oklahoma City good and choice vealers and calves realized \$18 to \$20.

August McWilliams Now Pharmacist at City Drug Store

According to an announcement made this week by Mrs. John Ed Day, owner, August McWilliams has been named Pharmacist at the City Drug Store. He replaces John R. Oates who has moved to Albany.

Mr. McWilliams comes to Hamlin from Winters. He was employed as Pharmacist a Week's Drug Store in San Angelo for 11 years, but the past few years has been engaged in farming and ranching.

He is married and has two sons and is moving his family here as soon as a house can be secured.

Bombay, India Farm Leader Visits This Area

The California Creek Soil Conservation District had a distinguished visitor Sunday, February 23, in the person of M. K. Shirole who is with the Agricultural Services of Bombay, India.

Shirole plans a six months to a year visit in this country to study soil and moisture conservation activities as carried on from the Sub-humid to the arid regions. These are comparable to conditions in areas of India for which he is responsible.

Terracing, soil building legume crops, and other conservation practices were shown Shirole by Soil Conservation technicians of Hiram Olson farm east of town and the use of these were explained by Olson.

Shirole stated that the average size farm in India is 4.5 acres and that the majority of the land had been in cultivation 4000 years. The average annual rainfall varies from 34 to 450 inches. Twenty five per cent of the cultivated land is under irrigation.

Eighty per cent of the cultivated land is planted to rain crops and 64 per cent is in grain sorghums. The grain sorghum is used to make flour for bread with the stalks being used as feed for livestock. According to Shirole there is a great need for soil improving practices since everything that is produced by the land is consumed and has been for many years. The density of the population demands that all edible crops be utilized.

First Methodist Choir Begins Work On Easter Anthem

Practice for special Easter music at the First Methodist Church was begun Sunday evening by the choir members with Mrs. Willard Maberry as director.

The anthem, "Lift Up Your Head," by E. L. Ashford will be presented Easter Sunday morning with Mrs. Maberry giving the solo part.

Mrs. Holly Toller is president of the choir.

It was voted Sunday evening to wear vestments for all services.

Grade PTA To Meet

The Elementary PTA will meet next Thursday at 4 p. m. in the High school auditorium, according to an announcement by Mrs. Henry Albritton. Mrs. E. M. Wilson will speak.

I. A. Milliorn, Jr. Is at South Pole; Writes Family

I. A. Milliorn, Jr., S. C. 2-c of the U. S. Navy has written a letter to his parents, Mr. and Mrs. I. A. Milliorn, revealing that he is at the South Pole.

Parts of the letter are printed below:

"I'm sorry I haven't written to you lately. I am at the South Pole but will be back in the states by about May. I will write you again on the way back when we reach South America."

"It will sure feel good to be back where it is warm again. There is nothing but a lot of ice and snow. The icebergs here are bigger than any building in Hamlin. I will show you some of the pictures when I get back."

"My time is up in the Navy in November and if I want to get out I can and I suppose that I will. I will be home on leave this summer and will see all of you then."

Sure will be glad to get back home again and pull off some of these clothes. We have to wear a lot of heavy clothes here as it is really cold. My ship has already lost one plane and part of its crew. The men saved are leaving the ship tomorrow and going back to the states and that is how I am sending this letter."

Signed
Alfred

John D. Ferguson And Art Carmichael Hit the "Jackpot"

John D. Ferguson and Art Carmichael didn't have to relate fantastic stories about the huge fish which got away while on a fishing trip to Don Martin, Mexico, they came back bringing the big ones with them. In all, they brought back 100 pounds of bass, which averaged in weight from 5 to 6 pound each.

To make their story more interesting, the Hamlin fisherman had only one day in which to make this catch, or so they tell us. They arrived at Don Martin, which is about 75 miles this side of Monterrey, Thursday but were unable to get boats for that day. Then, on Friday, the weather was too cold to fish, which is very unusual for that part of the country, where no provisions for heating stoves are made. But on Saturday the two fishermen really must have set out in earnest and at the end of that day they had netted the 100 pounds of beautiful bass.

So, there is their story, a true one, and if there is anyone who can tell a better story with proof to back it up, we will be glad to recognize such a fisherman.

Mauldin-Carter New Owners of Magnolia Station

Roy Mauldin and Thurston Carter, brothers in law, are now operators of the Magnolia Service Station at Sixth and Central streets. The station was formerly operated by T. W. Neil, Jr.

Mauldin and Carter formerly were in charge of the station near the Santa Fe depot.

Jaycees Meet and Plan More Active Part In Future

Several members of the Junior Chamber of Commerce met in the high school last Thursday night for the first time in several months and the group agreed to take on a "new lease on life" and take more active part in civic affairs in the future. It was decided to meet every Thursday noon at the Morgan Hotel. The group agreed to put up \$250 with the senior C. of C. to loan the Vocational Schools of Jones County a total of \$500.00.

Leaders of the Jaycees include Charles Prather, president; Pat Marlowe, secretary-treasurer; Bill Burnett, first vice-president and Bill Shira, second vice-president.

About 60 young men are listed on the rolls and all are asked to take active part in the work of the Junior Chamber. The first luncheon meeting will be next Thursday.

Hamlin FFA Boys Take Ribbons In Stamford Show

Gene Westmoreland, Hamlin FFA member showed the grand champion hog of the swine division at the Stamford Live stock Fat Stock Show held at the Texas Cowboy Reunion grounds last Saturday. The winning Duroc was in the over-200 pound class. The reserve champion hog was shown by another Hamlin lad, Clifton Townsend.

The capon show was stolen by the Hamlin chapter. Weldon Townsend won first place in the pen of three capons. Ben Nedecken was first place winner in the single entries. The capon shown by Nedecken was judged grand champion and Townsend won reserve honors.

Alton Brigham of Tuxedo repeated his Anson triumph of the previous week by again taking grand champion honors with his 965-pound milk-fed calf. Jack Willingham of Hamlin placed sixth in this division.

In the milk-fed calves under 825 pounds, Wesley Campbell of Hamlin placed first, fifth, J. M. Wells, Hamlin, and Kenneth Treadwell, ninth.

In the heavy, dry-lot fed calves, Alton Kite of here won fifth and T. W. Jean, sixth. Under 825, two Hamlin boys placed, Ted Kelley, second and C. L. White, fourth.

Former Hamlin Resident Returns Home From Japan

Sgt. George Johnson arrived in Hamlin Tuesday to visit his uncle, Ted Armstrong and family. He had just arrived back in the states after having been with the occupation forces in Japan for the past ten months.

Sgt. Johnson is the son of Mr. and Mrs. Carlos Johnson, formerly of here who now live at San Angelo.

When asked how he liked Japan, he replied that the country was very different from our and that it was a liberal education to spend several months there. He also added that the Japanese people as a whole are not the cruel, heartless characters as many Americans picture them, but very human and kind. They were very nice to him, he also stated.

Noodle Resident Indicted for Murder In Sosebee Death

A. F. Criswell, of the Noodle community in the southern part of this county, was indicted for murder with malice by a Forty-Second District grand jury at Abilene Friday.

Criswell was indicted in the January 21 death of Albert C. Sosebee, Jones county commissioner. Sosebee died a week after a fist fight on a sidewalk at Merkel.

Auto Mechanics Course May Open In Hamlin Soon

Jones County Vocational School is about to begin a course in Auto Mechanics in Hamlin, conducted by Luther Marr. Mr. Marr has had eleven years experience as an auto mechanic and 19 years of welding.

The course in Automobile Mechanics will require two years and there will be three types of training.

1. Cooperative: When a veteran is already employed to learn Auto Mechanics and Welding, the school will give twelve and one half hours per week class instructions and assist the employer to train Veterans on-the-job.

2. Full Time: The veteran spends twenty five hours per week in class with the instructors supervision. May be in any work or unemployed.

Both types (1) and (2) give full subsistence to Veterans, \$65.00 no dependants, \$90.00 per month with dependants, providing total productive labor income does not exceed \$175.00 for single man and \$200.00 for Veteran with dependant.

3. Part time training: The Veteran may spend twelve and one half hours per week with the schools instructor in class and receive one half of his subsistence.

Veterans interested may contact Mr. Marr at Marr's Welding and Auto Repair shop or James W. Love, Coordinator at the office of Jones County Vocational School in the Court House in Anson. Mr. Love will be at Marr's Welding Shop Friday afternoon at 1:30 p. m.

The class in vocational agriculture conducted by W. G. Pritchett is now full and will accept no more trainees until a vacancy exists. Veterans desiring to be put on the waiting list may contact Mr. Pritchett or Mr. Love at Anson.

Assembly of God Revival Having Fine Attendance

According to the pastor, Rev. Paul Joyner, the revival which is in progress at the Assembly of God Church is having good attendance.

Miss Evelyn Vaden, Evangelist Seymour is doing the preaching evening at 7:30.

Sunday School begins at 9:30 with the morning preaching service at 10:30. Everyone is welcome to any or all of these services.

Greyhounds Win Over Roscoe to Take District Flag

Throckmorton's twice-beaten Greyhounds captured the coveted District 5A crown in Abilene gymnasium Friday night, by edging the Roscoe Plowboys 30 to 27, in the last of a torrid three-game series. Although hard-pressed to win, the Hounds took command in the opening seconds and never trailed behind. At the end of the first quarter they led 7-5 at half-time. As they went into the last quarter they were ahead 23-21.

Throckmorton, so far only defeated once by Hamlin and once by Roscoe will represent this district in the region 2 playoffs, the site and opponent to be selected.

Two New Tests Staked for Jones "Duster" Plugged

Drilling was to have started yesterday on the deep test scheduled to be drilled on the Sammy Baugh ranch, northwest of Hamlin and south west of Aspermont in Stonewall County. The well is being drilled by Honolulu Oil Corporation and started below 153 feet of conductor pipe. Oil men and countless admirers of the Texas football "great" are wondering if the noted "sluggin'" Sam will score again with this 6,500 foot test.

Also five miles southwest of Aspermont Pan-American has completed rigging up and was reported to have spudded in Tuesday, for a 7,000 foot rotary test.

A failure has been recorded for western Jones County, the reef test of the Texas-Canadian Oil Corporation, the No. 1 Tiner, being plugged and abandoned after drilling to almost 5,000 feet.

Southeast of Hamlin, in the Hardy pool, casing has been set at 3,700 feet above pool 'pay on the great Lakes No. 4 Braden. Top of the sand was cased at 3,702 feet and plug is expected to be drilled Friday.

Applications have been filed for two new tests in southern Jones and both have been staked. One is the Ungreen and Frazier No. 1 Goode, 7 1/2 miles north of Merkel, slated to go to the Swastika or possibly the Strawn at 4,500. The new location is an outpost to a small producer. Also slated to test the Skastikan is the West Central Drilling Co., No. 1 Reeves, five miles south of Truby.

In the Chittenden area two miles south of Radium, seven miles from Hamlin, plug is to be drilled Monday on the prospective new producer, Walter K. and Byron W. Jones No. 2 W. L. Chittenden estate, 1,649 feet from the south and 489 from the west line of lot 26 league 335 Louis Kratz survey. Casing is set at 3,709 feet, top of the Swastika which showed 10 feet of saturation. Commercial shows had previously been indicated but no test in the Cook sand and Hope line.

Meanwhile, rig is being skidded and drilling should begin Monday on a new west outpost to the area, Walter K. and Byron Jones No. 1-B W. I. Chittenden estate, 330 feet from the east and 956 from the north line of lot 27 league 335.

Funeral Services Held Thursday for Mrs. R.M. Hudson

Mrs. R. M. Hudson, 79, died at her home on Central Avenue at 12:45 Wednesday afternoon after an illness of several days.

Mrs. Hudson was born in Palo Pinto county, and in 1885 she was married to R. M. Hudson, who passed away February 26 (the same day of her death) 1916. The Hudson family moved to the Hamlin community death of Mr. Hudson. She was a member in 1902, residing on a farm until the death of the Methodist Church.

Survivors are the following children: Mrs. R. E. Gilbreath, Mrs. Fred H. Britton, Mrs. J. W. Renfro, Weldon Hudson and Misses Veliera and Ava Hudson, all of Hamlin; Mrs. B. E. Mixon, of Ozona; Mrs. W. H. Johnson, of Hobbs, N. M.; and Joe and Bill Hudson of Abilene; two sisters, Mrs. R. V. Teague, Hamlin, and Mrs. Carrie Robinson, Blooming Grove; eight grandchildren and three great-grandchildren.

Aunt Jemima at Piggly Wiggly

The original Aunt Jemima of pancake and buckwheat fame will be in Hamlin all day Saturday, according to Edgar Duncan, operator of the Piggly Wiggly Store. Visitors will be welcomed at the store all day, he said.

Mrs. Vera Davis was rushed to Abilene hospital Tuesday, where examinations revealed that an operation will probably be necessary.

Soil Conservation Agreements Signed By Local Farmers

Soil and moisture conservation plan were signed into agreements on ten farms by the board of supervisors of the California Creek district at the regular meeting.

These plans covering 2323 acres of farm and ranch land, were composed of the following: W. D. Agnew, J. B. Goza, H. L. Neal, A. D. Cowley, and Glenn Lofton all of the P. J. Phillips farm conservation group; D. J. Davis of the New Light group; G. B. McLellan in the SE Avoca group; Condor Petroleum Co. in the SE Swedonia; Roy Wiseman in the Midway; and J. A. Casstephens in the Center Point group.

Applications for district assistance were approved, according to Jim McCulloch, chairman of the board, on 21 farms. These requests came from farms in groups scattered throughout the district with the most coming from the Midway group west of Haskell. The twenty-one application comprised 4799 acres.

District cooperators should make arrangements at their earliest convenience for the use of small seed planting attachments owned by the district. With the increase in acreage of clover planned this spring it is expected that detailed routing of the equipment will be necessary to meet the demand.

Readea Scott Is Wed to Marnie Ray Barton

Miss Readea Scott, daughter of Mr. and Mrs. Rea Scott of Littlefield, became the bride of Marnie Ray Barton, son of Mr. and Mrs. W. H. Barton, of Hamlin, in a double ring ceremony read Friday evening, February 7 at St. John's Methodist Church by Rev. Alsie H. Carleton.

The bride, given in marriage by her brother-in-law, Julius Timian, wore a white gabardine suit with pink and brown accessories and carried a white Bible topped with a carnation.

Miss LaVerne Duke was maid of honor and R.A. Dean was best man. Bobby Gill and Larry McCoy were ushers and Jo Nell Maberry lighted the candles.

Baskets of pink gladiolus were outlined against a background of palms and tapers in candelabra which lined the altar. Miss Jane Austin played "Always" and "I Love You Truly", and Miss Carol Jean Sandlin sang "Indian Love Call," preceding the ceremony.

The couple are now at home in Lubbock following a wedding trip to Fort Worth and Dallas.

The bridegroom is a former Texas Tech student and served with the U. S. Marine Corps during the war.

Mr. and Mrs. W. Wallace and Charlotte and Mr. and Mrs. M. C. McKinley spent the week end in Lubbock with Bob and Jesse Locke, who are students at Texas Tech.

Mr. and Mrs. Gordon Sproles and little daughter, Judy, left Saturday for a visit to McKinney with her mother.

Mr. and Mrs. Ray Moss of the P. I. view community visited Mr. and Mrs. Donald Bryant Sunday evening and attended services at the First Baptist Church.

"Robber" Hens Today—No Profits Tomorrow

No profits! That's the danger if you put up with feed-eating, non-laying "robber" hens. Many of these birds are soon doomed to die from organic disorders, anyway. Let Eamesway cull them out now, while you can still get them to market.

The Eamesway System of Poultry Inspection pays for itself many times over on feed saved. Time and again it eliminates 25% of a flock without decrease in egg production. Stop this feed-wastage now. Let an Eamesway technician find which are the "robber" hens in your flock.

Gertrude Crowley Becomes Bride of Otis Tucker Saturday Afternoon

In a candle light ceremony Saturday afternoon in the St. Paul Methodist Church parsonage in Abilene, Miss Gertrude Crowley became the bride of Otis Tucker. Rev. Hamelett read the single ring ceremony. The bride wore a green tulle gown with brown accessories. Her

corsage was of white carnations. Miss Liddell Garret was the bride's only attendant and she wore a brown ensemble with a corsage of pink rosebuds.

Clarence Tucker served his brother as best man.

Background for the wedding was an improvised altar of fern and white gladioluses.

The bride is the daughter of Mrs. J. J. Crowley of McCaulley and is a resident of Anson. The groom is the son of Mrs. C. E. Tucker of Abilene.

Mr. Tucker was a member of the U. S. Army for four years and served overseas in the European theater.

Immediately following the wedding, a reception was held in the home of the bride's mother with the bride's brother, C. W. Crowley, as host. Mrs. H. W. Madden and Mrs. C. H. Clark, sisters of the bride, served the three-tiered wedding cake. Another sister, Mrs. J. W. Stevens, poured coffee at the table laid with lace. Table decorations were pink and white carnations. Pink and white tapers burned in crystal candelabra.

Mrs. C. R. Crowley and Mrs. N. L. Crowley greeted the guests, who were directed to the register by Mrs. Cliff Crowley. Mrs. A. E. Crowley presided at the bride's book. Two readings were given by Patsy Rector.

After a short wedding trip the couple will reside in Anson.

Hitson HD Club Meets Tuesday With Mrs. Ulmer

The Hitson Home Demonstration Club met last Thursday in the home of Mrs. D. A. Ulmer with 8 members and 1 visitor present.

Each member discussed briefly their activities since the last meeting such as sewing, chicken raising, gardening, upholstering, remodeling rooms, etc.

Those present were Mesdames Morris Jean, G. B. Phillips, B. B. Phillips, P. H. Williams, G. W. Huffstutler, Archie Jean, Henry Plemons, D. A. Ulmer, Morgan Weeks.

The next meeting will be at the Hitson school house with the Home Demonstration agent, Mrs. Delma Bales, and Dr. Jones a veterinarian from Rotan, will be the main speakers. The club meets every first and third Tuesday of each month.

The club will sponsor a pie supper at the Hitson school next Tuesday night, March 4, beginning at 7 o'clock. Everyone is invited. Bring pies and money, it was added.

McCaulley HD Club Met Wednesday With Mrs. Mevin Courtney

The McCaulley Home Demonstration Clubs met in the home of Mrs. Mevin Courtney Wednesday, February 19 with the president, Mrs. Roy Maberry in the chair. Minutes were read by Mrs. Hemphill.

Recreation was conducted by Mrs. Fred Hemphill.

A palimentary drill was conducted by Mrs. Louis Boyd assisted by Mrs. Jim Jackson.

Misses Laura Courtney and Jo Nelle Maberry rendered two piano numbers.

The club adjourned to meet with Mrs. Della Fancher March 5th with Mrs. Hemphill as co-hostess.

A refreshment plate was served to the following members: Mesdames Rufus Herbst, Omar Prather, J. A. Jackson, Frank Jackson, Dick Maberry, Roy Maberry, Tidwell, Glenn Henderson, Jack Farrow, Melvin Courtney, Hemphill and Boyd.

Here's Proof of Extra Mileage in the Tire That OUTWEARS PREWAR TIRES

Testimonials about the new B. F. Goodrich tire are not uncommon. This extra mileage was scientifically engineered into the tires. First, a wider, flatter tread was developed for longer wear and greater protection against skidding. Second, to hold that huskier tread, a new 35% stronger cord body was developed.

That's why we say, see us today ... equip your car with the new B. F. Goodrich Silvertown ... the tire that outwears prewar tires.

ANOTHER DISCOVERY

Perhaps you never realized it, but you have a "servants' entrance" in your house—in fact, you have several! They are your electrical outlets, of course, where you plug in your household appliances—your electric washer, your vacuum sweeper, and all the others that add so much to the comfort and convenience of your everyday living.

There, at the inlets, ready and waiting, is your electricity—a servant who's

never late, never tired, working around the clock—around the calendar—and at such low wages! Actually, your electricity comes to you today at the lowest price in history.

Technical research and sound economic policies by business managed, tax paying electric companies have brought the cost of electricity steadily downward, until today the average family is getting twice as much electricity for its dollar as it did fifteen years ago!

**West Texas Utilities
Company**

We therefore have not lost sight of the importance of being properly dressed for the occasion, and have assembled a big stock of clothing to supply your needs.

POT-SHOTS FROM McCauley

BY GEO. DARDEN

A banquet honoring McCauley high school basketball team was held at the lunch room last Friday night. Music was furnished by the Gruben Brothers string band and Supt. Wayne Webb was principal speaker and gave the history of the basketball and football teams for the past season. Our football team was undefeated and untied the past season, the basketball boys won 12 games and lost 7 and the girls lost 12 and won 7 games but in losing the girls averaged 14 1/2 points per game to their opponents average of 14 3/4 points per game so after all folks McCauley's teams were very successful this season and something to be proud of.

Cecil Woods says he enjoyed Orvis Hunter's letter in last week's column and he also pledges to the cemetery fund. There are hundreds of graves that are in a deplorable condition and only by your contributions can we have a cemetery worked two or three times per year. Your pledges will be acknowledged through this column.

Mr. and Mrs. Vernon Darden and daughter from Girard were visitors

Sunday in the home of scribe and family.

We boasted last week in this column about all the new water wells on McCauley town site. The scribe got "hot" and had a dry hole drilled in his back yard. Yep, 57 feet and dry as a powder house and seventy five dollars gone with the wind. Will sell a lot of post holes cheap range delivery.

The bi-district basketball teams for girls will be played at Sylvester beginning Friday at 3 p.m. The first game Jayton-vs-Post and there will be plenty of good games and plenty excitement for the fans.

No word as yet from Civil Service with reference to Post Office examinations. Perhaps Omar Burleson our new Congressman is getting some hot mail.

Senator Pappy O'Daniel was quoted by the papers as saying, that all Roosevelt legislation ought to be repealed. Among the laws passed during the President Roosevelt's administration were social security, guaranty of bank deposits, crop payments to the farmers and old age pensions. Who voted for Pappy any way?

A Valentine party for the first and second grades on Friday afternoon "Valentine's Day" by the room mothers, Mrs. Wayne Webb and Mrs. Geo. Maberry, Mrs. Lawrence Griffin, Mrs. Melvin and Glenn Henderson.

Mrs. T. C. Goodrich and son from Anson visited in the home of Mr. and Mrs. O. T. Hennington last week end. (Week before last.)

The scribe is sending this column to the Herald each Monday morning, now—so get your news in some time Sunday or same will be a week late.

Mr. S. E. Miers has returned from a ten day visit with children in Fort Worth and Cisco.

A nice letter comes from our Representative Harley Sadler down Austin way. Harley is supporting the "Fair Trades Bill", and we say thanks Mr. Sadler.

If ole' George didn't "dabble" in politics just a little in this column—well the folks would think we were "slipping." We admit that our candidate Homey Rainey got "rained out" but we notice he has been awarded the honor of Who's Who in American education. So we couldn't be far from right.

The Pot-Shot man will be a candidate for Congress in 1950 if we can get the support of the bankers, the

farmers, stockmen, laborers, merchants and the C. I. O. and if Omar "fizzles" out. And too, by 1950 we should be matured in age and will have made so many tracks around the hen house that our qualifications will be up to par providing we can get a job between now and then as a flour salesman. But no more "horse back" campaigns.

Birth Announcement

Mr. and Mrs. L. J. Cunningham are the proud parents of a daughter, Elizabeth Ann, born Monday, February 17. The young Miss tipped the scales at 7 lb. 12 oz.

Mr. and Mrs. H. H. Sheer of Goodland, Kansas are the proud parents of a son, born February 19, weighing 5 lb. 9 oz. He has been named Frank Harley.

The mother is the former Floy Lee Parker of here.

Mrs. and Mrs. Harold Bonner had as their guests this week her mother, Mrs. J. W. Clark, her brother, Cecil Clark and Gary and Spencer Clark, all of Sweetwater and her sister and husband, Mr. and Mrs. C. R. Jordon of Grand Junction, Colorado.

H. S. U. President Lions Club Speaker

Dr. Rupert N. Richardson, president of Hardin-Simmons University in Abilene, was guest speaker at the Tuesday luncheon meeting of the Hamlin Lion Club. Dr. Richardson, an able speaker, delivered a very informative and interesting talk on George Washington. He was accompanied by two boys from H-S U., who entertained the club members with instrumental and vocal numbers.

Lion President Delma Shelburne announced that Ladies Night would be held on Tuesday, March 11.

Golf Course For Rotan Planned

A golf course for Rotan is being planned according to the Rotan Advance. Several interested golfers are working on plans to put the course in shape.

Grass greens are not being planned for this year but if enough interest is shown this summer they may be a reality next year.

Rotan Plans New Theatre Soon

Lance Davis of Rotan has announced that a new theatre is being proposed for Rotan which will seat 750 movie fans. The proposed theatre will be located west of the First National Bank and will have a frontage of 50 feet and will be 120 feet deep.

Every modern facility will be provided including a "Cry Room." The latest Simplex sound system and American Boniform seats will be used.

Commercial construction is yet subject to the approval of the Civil Production Administration.

Card of Thanks

I want to thank my many friends in McCauley, Hamlin, Abilene and surrounding country, for any kindness shown me before, while and after I was in the hospital; and for the lovely gifts, letters, cards and flowers. All was appreciated very much.
